[Soft Touch] The fabric woven with soybean protein fiber as raw material feels soft, smooth and light, and has excellent affinity with the skin, just like the second skin of the human body.

[Moisture & Breathability] The moisture and breathability of soybean fiber is much better than that of cotton, which is very dry and comfortable.

[Luxurious Appearance] The soy protein fiber fabric has a silk-like luster, which is very pleasant, and its drape is also excellent, giving people an elegant and refined feeling.

[Easy to Dye] Soy protein fiber can be dyed with acid dyes and reactive dyes, especially when dyed with reactive dyes, the product is bright and shiny, and the fastness to sunlight and perspiration is very good.

[EASY TO CARE, USE & SUPER DURABLE] The soybean fiber comforter is commercial machine washable and does not require expensive dry cleaning.

[PERSONALIZED CUSTOMIZATION] Please reach out to us with any questions or custom requirements for all products.
