[LAVISHLY SOFT SLEEP SURFACE] A extra thick layer of super fluffy and plush down alternative filling creates a luxurious 5-star hotel feeling that is gently melting and folding into the topper and protects your mattress without sacrificing comfort with our mattress pad. Its 3D snow-down cube-quilted baffle box design top is stuffed with down-alternative for greater softness making your night more restful and ensuring you wake up relaxed

[ULTIMATE COMFORTABLE EXPERIENCE] Made with high-quality super soft, fresh, and breathable microfiber that will provide you the ultimate comfort you deserve, the thickness provides you the support you need while you sleep, take a nap, or just sit on your bed. Our mattress topper king mattresses topper can help distribute your weight and alleviate pressure points evenly throughout the mattress, allows you to sleep soundly and wake up without back pain

[SMOOTH & STRONG GRIP DEEP POCKET DESIGN] The fully elasticized skirt fits snuggly around mattresses up to 18" thick to help fit any bed mattress you have, its strong elastic helps you to get a tight grip around the mattress allowing you to toss and turn freely at night because it uses high gram weight microfiber with a high elastic rubber band which ensure it is smooth and soft, and durable than other bed toppers which use low gram weight elastic cloth that can be easily torn

[EASY TO CARE, USE & SUPER DURABLE] The mattress topper is commercial machine washable and does not require expensive dry cleaning. Also, many other products use a non-woven fabric layer on the backside of the topper to reduce material cost, which causes damage if they flip the topper to the reverse side for utilization. But all front and back surface of our topper is made of very high-quality microfiber which assures both sides can be utilized, this increases the lifespan by double times

[PERSONALIZED CUSTOMIZATION] Please reach out to us with any questions or custom requirements for all products.

FAQ

Q1: Where is our factory? Is it possble to visit your factory?
Our factory is located in Guangzhou City, and our foreign sales office is in Foshan City (where is about 1 hour driving from office to factory). All clients from all over the world are highly welcome to visit us.

Q2: Can you provide ODM service?
Yes of course. We can provide both ODM and OEM service.

Q3: How to control the products quality?

We have got Quality Management System Certification ISO9001:2015 standard. Our factory has strictly QC for each procedure. Everyday our Quality Control Supervisor would check and keep all the QC records. Even the goods are finished, our sales team would do the final inspection on the goods before loading and delivery. We will destroy or recycle the defective products.

Q4: Can you make samples for free?
We can provide samples of any size at any time. Because now these products are on production everyday.

Q5: What's the MOQ?
MOQ is one piece. One piece is ready to ship.
